

Introduction to GEOCACHING

Presented by:

**Balinda Strosnider
& John Glitsos**

September 24, 2022

10:00 AM

White Mountain Nature Center

Geocaching 101

Ever wondered about Geocaching? Noticed weird people searching your lawn or the park across the street? Wanted something fun to do when Grandchildren show up?

Geocaching may just be the ticket! It is a treasure-hunt game played by millions of people around the world that gets people outdoors, is equally fun for all ages, and inspires a new way to look at the world around us. You can play on vacation, at home, or even with friends - anywhere and anytime.

Longtime enthusiasts Balinda Strosnider and John Glitsos will introduce you to the game at the Nature Center at 10 AM on September 24th with a short video presentation. You should bring your smartphone to install the Geocaching App (it is FREE). You will need a nick-name for yourself. Think of something fun, that kinda points to you (if someone knows you well). John's Geocaching Name is GreekEagle and Balinda's is PurplePaws.

After the presentation we will go out and Find a Geocache! Bring a pencil, tweezers, gloves, and other small tools you might find useful. We will find at least one, and if you want to get in your car and drive a few blocks, at least one more.
