Looks like trouble! Who signed us up for this "Funky Experience?"

Whew! Glad Funky knew what to do, even if it was at the last second!

Wondering about Astro, our Aplomado Falcon? He's looking great on his swinging perch! This beautiful photo taken by photographer Margaret Precup captures how cool he is. Watch this space to learn when we are going to begin flying him during the Daily Training Exhibition!

**FREE Daily Training Exhibition  
Now with Simon!**

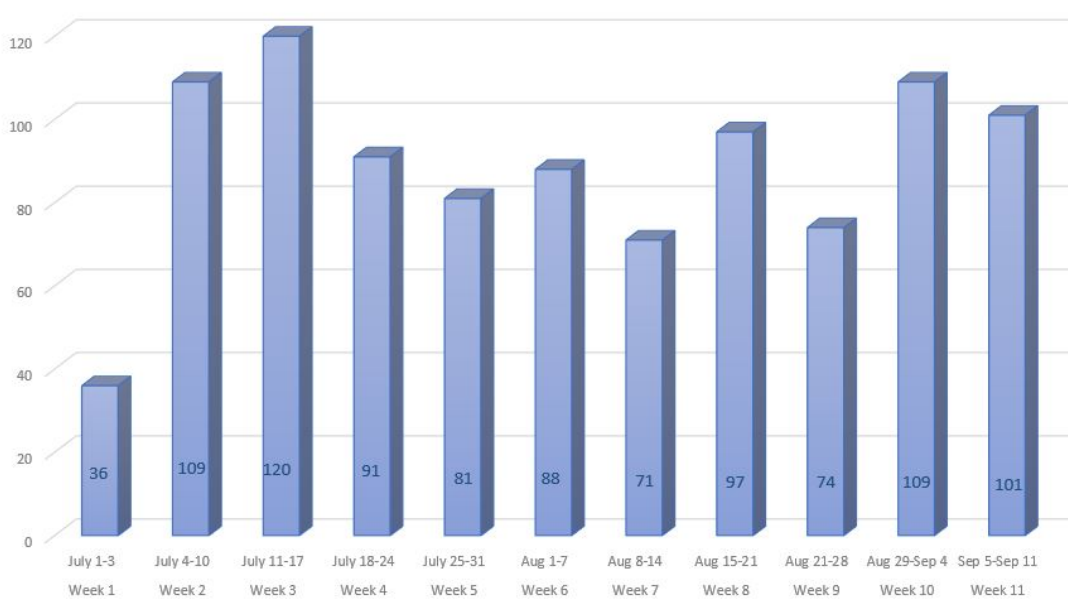

**FREE Training Shows ~ 3:00 to 4:30 PM Daily (weather permitting)**

Come see our amazing birds fly and perform natural behaviors on cue. Ask questions about modern "animal choice" training - which also works for kids and stubborn husbands. ;-)

We had 101 guests this week, so arrive on time to get a good seat! They were thrilled to see Simon shagging grounders. Where else can you see that?

Use the driveway just South of the Nature Center to park next to the Rehab Bldg.

## News from the White Mountain Nature Center

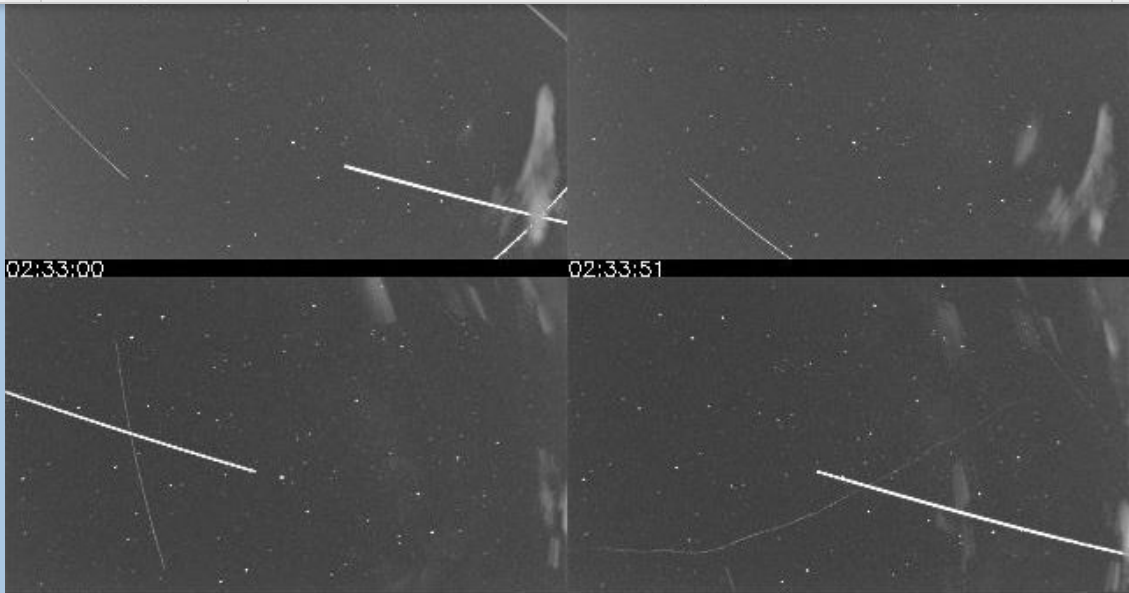

Where does honey come from? Dennis Chandler at the WMNC, of course!  
You can purchase honey extracted during this event at the Nature Center now!

As you can see, everyone paid close attention to every word Dennis said, especially since there were bees flying around during the exhibition!

Dennis, an expert bee-keeper, loved showing the tricks of the trade to a receptive audience of more than 60 people at the Nature Center Sept 10.

WHAT are these pictures of? Hint 1 - they were taken on September 10th right here at the Nature Center. Hint 2 - Its not a dirty window! Reveal next issue!

NOW IS THE TIME! [Buy your tickets soon](#) - we are approaching the maximum number of tickets that will be sold! Also, get your auction items into the Center. Center hours are Wed, Fri, Sat 10AM-2PM Or purchase tickets by clicking here: [Purchase Tickets](#)
